**DETAILED ACTION**

***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 37 and 39 are rejected under 35 U.S.C. 102(b) as being anticipated by Ponts (U.S. Patent 2705982).

Ponts discloses : Regarding Claim(s) 37, a tool comprising: a hand-held, pneumatically-driven hammer (10) for applying a repeating percussive force; and a coupling for interconnecting the hammer and the component, wherein the coupling (top portion connected with part 38 in Fig. 1))is attached to a rearward end of the hammer (10), whereby the repeating percussive force is applied to the component thereby urging the component from the seat (Fig. 1); and Regarding Claim(s) 39, a kit for converting an air hammer into a tool for removing a friction-fit or press-fit component from a seat, the air hammer (10) comprising a body and a reciprocating member, the kit comprising: a pull rod (12) attached to the bark (component) ; and a pulling member (35) attached to a rearward end of the air hammer and adapted to percussively communicate with the pull rod (Fig. 1).

It has been held that a recitation with respect to the manner in which a claimed apparatus is intended to be employed does not differentiate the claimed apparatus from a prior art apparatus satisfying the claimed structural limitations. *Ex parte Masham*, 2 USPQ 2d 1647 (1987).

*Allowable Subject Matter*

3. Claims 23-36 are allowed.

*Conclusion*

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
